

MFC 300N Life Jacket

The MFC 300N Life Jacket is constructed using a highly durable but flexible PVC orange cover fabric and further enhances the performance of the standard range with a slim fit ergonomic design with mesh back for increased support and breathability. A neoprene anti abrasion neck comes as standard further enhancing wearer comfort.

A storm flap and integral zipped pocket and radio attachment strap add to this feature packed high performance lifejacket. Easy to don and comfortable to wear and buoyant to 330 Newtons it has a super-fast turnover increasing freeboard and keeping the airways high above the water line reducing the possibility of secondary drowning. A single removable crotch strap minimises ride-up further improving in-water performance.

It features a highly durable but flexible PVC orange cover with zipped closure making it easy to re-pack once activated. The UML Pro Sensor Automatic operating head is placed behind a window for speedy safety check. The MFC 300N Life Jacket also comes with a standard 2/3 bar stainless steel closure and D-ring for use with a safety line.
