

MFC Drysuit

MFC International's Drysuit is the ultimate in comfort, protection and durability. Our suit is manufactured for marine working environments and is designed specifically for long periods of use in the most challenging environments.

MFC's Drysuit is available in many different sizes and is supplied with PU reinforced knees and seat, a double taped crotch area to minimise wear and tear and the option of customer-specific badging and printing.

Drysuit Features:

- Orange tri-laminate breathable fabric top
- Lightweight top, heavy duty bottom which offers flexibility on the upper half with added protection in the lower area
- Diagonal self-don zip
- PU reinforced knees and seat
- Durable impermeable black trousers
- Double taped crotch
- Removable internal braces
- Elasticated waist
- Neoprene glide skin neck and cuff seals
- Reflective banding on cuffs
- Useful and unrestricted flat side pocket
- Includes steel toe cap & mid-sole protection wellington boots (Latex or fabric sock option also available)
