

Lightweight and quick to deploy, the inflatable Single Decontamination Shower from MFC International allows for rapid response in a decontamination scenario. Fully inflatable, the shower can be set up in a matter of minutes, and will stay standing without continuous inflation.

With no mechanical framework the shelters are lightweight to transport and compact to store. Showers can be used on hard or soft standing, and guy ropes are provided for securing in position during inclement weather.

Raised floor panels prevent contact with contaminated shower wash-off, which is collected in a chemically resistant sump. Sleeves for pumped extraction of contaminated water are included as standard.

Single Decontamination Showers come with a viewing window and optional chemically resistant nitrile rubber gloves to allow assisted decontamination by a third party stood outside of the unit.

FEATURES

- Lightweight and easily portable
- Set up within a matter of minutes and will stay standing without continuous inflation
- Raised floor panels prevent contact with contaminated shower wash off which is collected in a PVC chemically resistant sump
- Sleeves for pumped extraction of contaminated water are included as standard
- Showers fitted with the optional sleeves and chemical resistant nitrile rubber gloves allow a second person to assist washing down the contaminated person
- Can be used on hard or soft standing and guy ropes are provided for securing in position
- Minimal training, servicing and maintenance costs

USED FOR

- Decontamination scenarios

SUPPLIED WITH

- Valise
- Repair kit
- Inflation hose - 1m (for use with 8 bar regulator)

OPTIONS & ACCESSORIES

- Integral sump unit
- Gloves & sleeves
- Non-slip self draining matting
- Colour coded groundsheet
- Customer branding
- Electric inflater
- 8 bar regulator

SYSTEM SCHEMATIC & COMPONENTS - PILLOW TANK SUPPLIED SYSTEM

SYSTEM SCHEMATIC & COMPONENTS - TENDER SUPPLIED SYSTEM

SYSTEM COMPONENTS

①

Clean (Potable) Water Pillow Tank (1000 ltr)
- Other sizes available, see website for details
Quantity Required: x1
Product code:
With Camlock Coupling
WS0028/21
With Storz Coupling
WS0028/23

②

Inlet Water Pump (230V)
Quantity Required: x1
Product code:
With Camlock Couplings
DSA002/21
With Storz Couplings
DSA002/23

SYSTEM COMPONENTS (CONTINUED)

- 3**

Dosatron with Trolley
Quantity Required: x1
Product code:
With Camlock Couplings
DSA005/21
With Storz Couplings
DSA005/23

4

Single Decon Shower
Yellow TPU (See product codes table on previous page for other options)
Quantity Required: x1
Product code:
With Camlock Coupling
DSW022/020
With Storz Coupling
DSW022/020S

5

Submersible (Sump) Pump
230VAC as standard, see website for 110V product details
Quantity Required: x1
Product code:
With Camlock Coupling
DSA004/21
With Storz Coupling
DSA004/23

6

Dirty (Contaminated) Water Pillow Tank (1000 ltr)
- Other sizes available, see website for details
Quantity Required: x1
Product code:
With Camlock Coupling
WS0017/21
With Storz Coupling
WS0017/23

7

Pallets for Decon Floor
Pallet with Pump Cut-Out
Quantity Required: x1
Product code: DSA007

8

Spray Gun & Hose
Quantity Required: x1
Product code: DSA008

9

Spray Brush & Hose
Quantity Required: x1
Product code: 180035

10

Adapter
- To connect fire tender or stand pipe outlet to the decon system in place of a pillow tank and pump.
Quantity Required: x1
Product code:
Various models available depending on outlet coupling - Contact sales for details & product codes

HOSES

- a**

Green Clean Water Hose (2m)
Quantity Required: x3
